COMMANDING OFFICER'S MESSAGE

I would like to take this opportunity to welcome you to the annual inspection of John Travers Cornwell V.C.

The training displays and classroom instruction that you will see tonight is indicative of the cadet training programme carried out throughout the year.

I would however like to stress one point to the parents of the cadets. Opportunities for cadets to participate in Summer Training Activities are present now more than ever in the past. Courses and camps as well as foreign exchanges and cruises have doubled over past years. I would like to ask the parents if at all possible to encourage their sons to take advantage of the various Summer Training Activities. I hope that in the short time that is available to us this evening you will be given an insight as to the training your son receives during the year.

A. T. McInnes
Lieutenant Commander
Commanding Officer
