THE TRAVERSLOG

After a small delay we are once again producing "THE TRAVERSLOG", for your reading pleasure, as well as a source of information on corps events. (Past, present & Future)

RECRUITING

\*\*\*\*\*

Have many of you looked around the main deck lately, on a Thursday night? There was a time when divisions were dismissed from the main deck because there was no room to march them off.

Naturally we don't expect to have 900 cadets again (at least not this year) but our corps strength figure should at least be raised to 250 strong.

Sub/Lieutenant Bruce, a member of the recruiting committee, said "We are still accepting new recruits for the "74-75" training year. Each of you should make a valid attempt to bring down at least one new recruit. Remember they must join by January 31, 1975 to be eligible to attend summer training. Also your own chances of attending summer camps, are greatly improved with a greater corps compliment." So let's all get out and bring in someone new.

BAND INITIATIVE WEEKEND (Jan. 17, 18, 19)

Well, the band had it's first Outdoor Scheme of the year last weekend, and it was considered by it's Instructors, Sub/Lieutenant Payne and Mr. T. Dolinski to be a complete and total success. Approximately thirty-five bandmen took part in the training.

The purpose of this first initiative weekend was to provide a basic training in outdoorsmanship to members of the band. Others to follow will have themes ranging from map and compass reading to survival.

Later in the year these weekends will be open to the remainder of the ship's company and each cadet should take full advantage of any opportunity to participate in this training.

Cinema Corner

On Saturday January 18th the movie "Busting" starring Elliot Gould was viewed by more than 35 cadets. All who attended enjoyed the movie immensely and you couldn't beat the price. Our thanks are extended to Sub/Lieutenant Walker for providing a most recent and exciting movie.

SPORTS

Weekend floorhockey still has not gone as well as expected. Many of the teams have defaulted their games and those divisions that do participate are only getting 4 or 5 people out. There are members of your team who want to play but can't because you don't show up. You are only letting your own team down by not attending. Let's all get up and become involved.

Terra Nova division plucked Athabaska's feathers last Saturday night with a 15 to 1 win. Terra Nova is still maintaining it's undefeated record. They now have 4 wins 0 losses 0 ties and are currently in first place. On the same evenings slate of games Algonquin overpowered Gatineau with a resounding 22 to 1 victory. Algonquin is currently in second place with 3 wins 1 loss 0 ties. Watch the bulletin boards for future games.

Remember, floorhockey is not the only thing happening on Saturday nights. This is a good time to complete divisional projects plus all the other sports facilities are available for your use, so come down and participate.

NOTE: If you have any suggestions for new Feasible sports that you wish to play on Saturday evenings, please submit these ideas to Sub/Lieutenant Webb.

ANNOUNCEMENTS

JTC Gun Crew will play Reserve Gun Crew in floorhockey this Sunday at 1430. The last meeting of these two teams produced an 8 to 1 victory for JTC.

Guard attendance has not been good lately. Remember, if you won't be attending Guard practice, inform Sub/Lieutenant Walker as soon as possible.
